
Strata Legal Advice Made Easy

Date : January 28, 2022

Those of you that own a strata investment property or who live in a strata community will know that strata legal advice for the most simplest of matters like drafting by-laws or resolving disputes can be extraordinarily expensive. That has now changed.

Matthews Folbigg Lawyers, based at Parramatta has a strong Property and Strata Law practice area that offers cost effective and practical advice.

Our strata lawyers will either work with your Strata Manager or if Owners prefer, will work directly with Strata Committees. Our strata clients have direct access to their lawyer ensuring work always receives experienced and dedicated strata law attention. Matthews Folbigg Lawyers is committed to ensuring;

1. That we listen to and understand what our strata clients want to achieve, and
2. That we develop solutions that are efficient & cost effective. Unlike the 'big-end of town', our strata law services are able to help our strata clients (BIG and small) by practically solving problems in a way that is efficient and affordable

Our Strata lawyers can be contacted by phone on 9635 7966 or through our website www.matthewsfolbigg.com.au

Next time your strata manager says 'let's ask a lawyer', suggest they contact Matthews Folbigg Lawyers.
